About CWC

Professional Design Team

One big factor to get the brands committing an order is the artwork. When a client ask for a quote, they want the artwork done real fast, The reality is lots of company does only have one designer to do all artwork, even worse they ask the mould factory to do it. This is happening every day around Guangdong area. When you visit CWC, you will see 4 in-house designers lined up for processing you artwork, The company offers fine welfare system to the designers, in return they give back 50 plus artworks on daily basis.

About Exhibition

We attend 4 exhibitions every year, 2 electronic fairs (spring and autumn edition), 1 HK Gift & Premium Fair and MEGA show. During each fair, we will release new products developed with our client. That gives our clients the absolute confidence to promote these products in their region, with CWC, there will always be new products that fit their market. Our booth details are confirmed 2 months earlier before the shows start. After confirmation, all clients will receive an invitation letter that says where and when. Fairs give us a great opportunity to talk directly with clients. Time from time we talk about how more products can be developed, how costs can be better adjusted, and how we can help on more efficient procedures.
