Professional design team

One big factory to get the brands committing an order is an artwork. When a client asks for a quote, they want the artwork done as fast as possible, the reality is lots of companies only have one designer to do all artwork, even worse they ask the mould factory to do it. This is happening every day around the Guangzhou area. When you visit CWC, you will see 4 in-house designers lined up for processing your artwork. We have fast processing times for artwork with 1 hour for easy ones and 2-3 hours for difficult ones. Usually 50 plus proofs on daily bases.

Exhibition

We attend 4 exhibitions every year, 2 electronic fair , 1 gift fair and 1 MEGA Show. During each fair, we will release new products developed with clients. That gives our clients. That gives our clients the absolute confidence to promote these product in their region.
