## Professional design team

A great work to get the brands that commit an order is the artwork. When a the customer asks for a quote, he wants the artwork to be done very quickly reality is a lot of society it has only a designer to make all the works of art, even worse they ask the mold factory to do it. This is happening every day Guangdong area. When you visit CWC, you will see 4 interior designers deployed for elaboration of works of art, the company offers a welfare system for the designers, in return return over 50 works of art on a daily basis.
